

**IN THE SUPREME COURT OF THE STATE OF NEVADA**

**ANDY MICHAEL THOMPSON**

Appellant

*v.*

**NEVADA SECRETARY OF STATE**

**Supreme Court No. 90846**

Electronically Filed

Elizabeth A. Brown  
Clerk of Supreme Court

**NOTICE OF COMPLIANCE WITH NRAP 32(e) AND  
PRESERVATION OF RIGHTS**

Appellant hereby submits the **Corrected Supplemental Brief in Support of Pending Motions for Judicial Notice**, in full compliance with NRAP 32(e) and this Court's December 11, 2025 Order Striking Document.

Out of an abundance of caution, Appellant has revised the formatting of the first page to ensure that ample blank space exists in the upper-right quadrant for the Court's file-stamp. Appellant notes that the prior version likewise provided sufficient space and did not obscure any

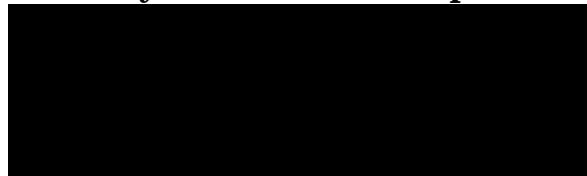

potential placement of the file-stamp; however, Appellant submits this corrected version to eliminate any possibility of perceived noncompliance. Appellant also observes that the corrected filing now contains more blank space in the stamp quadrant than this Court's own published examples.

Appellant files this Notice to preserve the record and to ensure that no future ruling attributes delay, prejudice, or procedural deficiency to Appellant. The Corrected Supplemental Brief contains no changes to substance, argument, or requested relief. It is submitted solely to comply with the Court's directive and to maintain the clarity and integrity of the docket.

DATED: December 11, 2025

Respectfully submitted,

/s/ **Andy Michael Thompson**
